

The award winning N/a'ankuse Lodge and Wildlife Sanctuary is dedicated to the rehabilitation and preservation of orphaned and injured wildlife. This truly unique lodge is located on 1,500ha of former farmland, the perfect habitat for recovering lion, leopard and cheetah. A stay here close to the slopes of a dolomite hill is a highlight for many on their Namibian holiday. Although the sanctuary is only 42kms east of Windhoek, the setting is amidst a natural savannah, riverine vegetation, lush grass plains and magnificent mountain views.

The main lodge building comprises of a bar and tranquil dining room area and kitchen, with stunning views of the surrounding environment. Their team of chefs will prepare a combination of mouthwatering European/African dishes, whether it's a hearty breakfast served in the dining room or outside in the garden, a delicious lunch or dinner served in the restaurant or under the stars. All dishes are prepared using fresh ingredients and home-made delicacies, complemented with fine wines from the bar.
